

BONAIRE

July 29- August 5, 2017

Bonaire is part of the Netherlands Antilles located 50 miles off the coast of Venezuela. It is 24 miles long and 5 miles wide at the widest point, with an area of 112 square miles. The northern part is hilly and green, the middle is similar to the American Southwest, and the south is dry and sketched with dunes. Craggy cliffs, beautiful beaches, rocky hills, fascinating caves, fresh and saltwater lakes, scores of wildlife and the incomparable surrounding coral reefs complete the picture of Bonaire.
